Dear FRIENDS

Color!

That’s what immediately caught my eye as I looked over our new Idea Book & Catalog. We’ve updated our colors (we’re calling it a color renovation) and organized our new color offerings into four new color collections that are fresh and exciting! Plus our In Colors will be available for two years, instead of just one; we’ll be introducing five new In Colors every year, so starting in 2011, there will be a total of 10 In Colors to choose from.

You can see the difference on almost every page of the catalog. The project ideas are fabulous, the design of the catalog makes it easy to see what accessories are available in the new collections, and—if you’re like me—you can’t wait to get your hands on these colors and start creating!

Of course, once I got over the excitement of the color, I concentrated on the stamps. (And that’s a first—usually I focus on stamps to begin with!) And my enthusiasm grew. I know I say this every time, but I continue to be so impressed with the diversity of images we offer. Regardless of your personal taste and style, you’ll find plenty to choose from!

And coordinating products—both images and colors—continues to be a Stampin’ Up!® strength. You can find all sorts of accessories, from punches (I love the way this catalog outlines images in color that have coordinating punches!) to paper, from ribbon to brads. Creativity is so much fun when you have products that work together so well!

Join me in celebrating hundreds of exclusive images, vibrant colors, high-quality accessories, and everything else you need to enjoy the journey of creativity!

color COORDINATION

No doubt there’s more than one way to combine colors. Fortunately, we make it easy for you to achieve color success with every project. Try any of these fun ways to play with color. If you’re a color beginner, our Getting Started color choices (p. 165) are the perfect way to get your feet wet. Another easy approach is to combine colors within collections for quick coordination. A fun option is to play with color by doing some cross-collection color creativity—and our easy-to-use Color Coach® (p. 165) can help you do that.

COLOR COACH FEATURES
1. Fan cards to see the entire spectrum of Stampin’ Up! colors—one card for every color. 2. Play around with color combination by placing cards together. What you like may just surprise you. 3. Flip cards over to see professionally designed color combos for each color.
Because color coordination carries through all our product lines, coordinating all the elements used in creative projects has never been simpler. And why not step up your color coordination by using our professionally designed product suites, complete with the colors, stamps, paper, punches, dies, and embellishments perfect for every style and occasion.

YOUR STAMPS
YOUR CHOICE

No matter your preference, enjoy high-quality, made in the USA rubber stamps in both clear-mount and wood-mount options. And with all hostess and many new and carryover sets available in both options, your stamps will reflect your personal style just as much as your stamped creations do!

All stamp sets are shown at 100 percent unless otherwise noted.

wood-mount STAMPS

Choose wood-mount stamps if you prefer stamping with our high-quality farmed maple wood blocks and you like your images permanently mounted for quick stamping.

Wood-mount sets come in clear, sturdy plastic storage boxes. A label you adhere to the box makes it easy to find the set you’re looking for. Boxes are also easy to stack.

Look for this symbol showing wood-mount sets.

WOOD BLOCK MOUNTING
1. Remove die-cut stamp from rubber and match stamp to correct block.
2. Peel backing off stamp and adhere to block. Position stamp as it appears on label.
3. Apply labels to block. Apply stamp set name label to end of box.
clear-mount STAMPS

Choose clear-mount stamps if your storage is limited or you want to reposition or combine images on blocks.

Clear-mount sets come in DVD-sized storage cases making them easy to store in your readily available DVD storing solution or any shelf. Case front insert shows all images at 100 percent for easy block choice. Spine shows thumbnail images of all stamps to quickly find the set you’re looking for.

Look for this symbol showing clear-mount sets.

CLEAR BLOCK MOUNTING

1. To see stamp artwork through clear block, remove top liner from optional label leaving label on sheet with the adhesive side up. 2. Align stamp to label with foam side down. Press stamp onto label, and pull stamp up. (Label will adhere to back of stamp.) 3. Firmly press stamp (label side down) to make it cling to clear block, and start stamping.

Though far and wide on earth we roam, at Christmastime our hearts come home.

A Christmas Wish...

May all the blessings of the season fill your heart and home with joy.
Brads (p. 187) make great berries on this holiday tag. Try using them in unique ways to enhance your next project.

Pull a few strings! To create the unique ribbon accent on this card, we trimmed the edge of our ribbon, carefully pulled a few threads, and then folded it into ruffles. Dimension and originality all in one.

May the true spirit of Christmas fill your heart with peace, your home with love.

Season’s Greetings
Wishing you a never-ending season of love and peace.

Joy expressed,
Love shared,
a Miracle celebrated.

Happy Holidays

Warmest greetings of the season and every good wish for the coming year.

On Board chipboard is just right as a border or trim on any card. Try using it natural—without any ink—and then stamp a greeting on it as a fun accent.

Merry Christmas

Season's Greetings.

Jolly surprises, a tree shining bright—
Mistletoe kisses, a home filled with light.
Hearts that are merry, a time of good cheer—
Wishing all this and a Happy New Year!

HAPPY BIRTHDAY
SEASON’S greetings
thinking of you
THANK YOU
We raised the flowers off this card with Stampin’ Dimensionals (p. 197). It’s an easy way to give your card energy and depth.

You are stronger than this.
You are brave and courageous.
And let’s face it.
You’re my friend, so that means you can put up with anything.

You know that thing I said?
I wish I hadn’t. I’m sorry.

Sometimes the only thing making life’s darkest moments bearable is having someone by your side reminding you that it will be okay.

Thank you for being that kind of friend.

Life doesn’t always happen just as we planned, but I plan to be there for you always.

Things have been rough between us.
I just want to say I’m sorry.

Praying for friends to comfort you, faith to uphold you, and loving memories to heal your heart.

Thinking of You...
Please know that I care.

Wishing you a quick and complete recovery.

Praying for You...

Sharing in your Sorrow

Sending thoughts of love and praying for the Lord to sustain you with bright and restful days.

Thoughts & Prayers (double-mounted)

Hard to Say
May the miracle of Christmas find you safe in the Peace of God, warm in the Light of Christ.

Blessings brighten when we count them!

Thank you for blessing my life in such a wonderful way!

Happy Birthday

Sharing with you the miracle of new hope and new life through the glorious gift of Christ the Lord.

Today is God’s gift to you...
Each day you are God’s gift to me!

A friend is someone who strengthens you with prayers, blesses you with love, and encourages you with hope.

May God’s love heal your sorrow, and may His peace replace your heartache with warm and loving memories.

A baby is a gift from heaven above—bringing joy down to earth, filling hearts full of love.

core color PRODUCTS

Enjoy our exclusive colors in the core products you need and love. Whether you have a color collection already in mind or you want to see the complete line of colors, you’re in the right place! The next five pages show all the color coordinating products available in our four color collections as well as our In Colors.

**smooth CARD STOCK**
Stampin’ Up!’s 80 lb., exclusive high-quality card stock is dyed with pure color all the way through. Available as color collection assortments in smooth and textured card stock and individual color packages in 8-1/2” x 11” and 12” x 12”. Acid free, lignin free, and buffered. Sold on p. 165–169.

**textured CARD STOCK**
Stampin’ Up!’s 80 lb., exclusive high-quality card stock lightly textured on one side. Available as color collection assortments or smooth and textured card stock in individual color packages in 12” x 12”. Acid free, lignin free, and buffered. Sold on p. 165–169.

**ink REFILLS**
You’ll want a refill for each of your ink pads and spots, and you can order your Classic and Craft ink refills individually or packaged in our color collections. Use the Classic ink refills to fill your Stampin’ Around cartridges or dye our paper daisies, ribbon, or Fleurettes II. Acid free. 1/2 oz. Sold on p. 165–169.

**stampin’ AROUND WHEELS**
Fast and fun, Stampin’ Around wheels are perfect for borders and backgrounds. Choose from 3 types: standard, jumbo, and builder. Stampin’ Around uninked cartridges (p. 193) are sold separately for all types of wheels—simply use our Classic Stampin’ ink refills (p. 165–169) to create the color you’d like. Or, choose our Basic Black inked cartridges available in standard and jumbo sizes (p. 193). Find handles for your Stampin’ Around wheels, sold separately, on p. 193.

**stamp pads AND SPOTS**
Stampin’ Up!’s revolutionary pads feature a patented, flip-top design that stores the inking surface upside-down, so the pad surface stays moist between re-inkings. Our award-winning Classic Stampin’ Pads feature our popular, fast-drying, dye-based inks. Acid free. Our Craft Stampin’ inks, available in Spots, contain rich pigment inks that are ideal for scrapbooking, embossing, and other craft projects—they’re your best choice for long-lasting color. Be sure to order a matching refill to keep your Craft spot moist. Acid free. Sold on p. 165–169.

**stampin’ write MARKERS**
These markers feature a fine tip for details and writing and a brush tip for wider color applications. Each marker is like getting two long-lasting markers in one. Acid-free, water-based, dye ink. Sold on p. 194. See p. 165–169 to purchase markers individually or in color collections.

To create a Scallop Trim rectangle on this card, we used the Scallop Trim Corner and Scallop Trim Border punches together to make a uniform, seamless look. What punches could you use together?
We used the Heart punch to create windows on this card. We simply punched the heart several times and then placed a strip of textured card stock behind the heart shapes for contrast.

Our new double punches complete two full processes in one punch. The Cogs extra-large double punches once to cut the two outside cog shapes and again to cut out the inside circle shapes, finishing off the cog design. The Petal Card extra-large double punches once to create the inside score lines and again to cut the outside lines. And because both processes happen simultaneously, you only have to press the punch once and you get double the results. When using with stamped images, punch first, then stamp.
